

## IEEE Montreal Com19/IT12 Chapter' Report for year 2017-2018

So far, this year we have invited DLT and DSP speakers and made their presentation as of today:

A: Distinguished Lecture Tours (DLTs):

- 1- Dr. Shiwen Mao
- 2- Dr. Wei Yu
- 3- Dr, Tarek El-Bawab
- 4- Dr. Anura Jayasumana
- 5- Dr. Giorgio Quer -COMSOC,
- 6- Dr. Qian Yi
- 7- Dr. Tara Javid ITSOC)

B: Distinguished Speakers (DSPs):

- 1- Dr. Yu-Dong Yao
- 2-

Certainly, within each our DLT, DSP and Section meetings, we promote ComSoc invitations to increase membership by convincing attendees that being IEEE ComSoc member will benefit their career path and their up to dated knowledge. As we have plans to run Mini-conferences and participating at IEEE Research Boost and engaging with Industry, government and other funding agencies, we do our invitation joining the society. In addition, we continuously invite experienced IEEE Members be promoted to IEEE Senior or IEEE Fellowship positions.

At our local IEEE Research Boost program, we engage with Industry, Universities, Government and other Funding agencies. Concordia, McGill, ETS universities and FONEX network did contribute towards running the event jointly with Montreal ComSoc chapter.

Montreal Communication chapter participated at the IEEE WiSEE 2017 Conference and got grant funds from Concordia University. We did invite Young Professional members to participate at IEEE WiSEE 2017 Conference.

Montreal Communication chapter participated at the 4th IEEE Research Boost event for this year and supported financially.

Our chapter is going to host IEEE ICC 2021 in Montreal and we are actively involved with the preparation. In addition, we are active in most of Montreal Section conferences and occasionally with Ottawa Section conferences.
