

IEEE Montreal Com19/IT12 Chapter' Report for Year 2018

So far, this year we have invited DLT and DSP speakers and made their presentation as of today:

A: Distinguished Lecture Tours (DLTs):

- 1- Dr. Wei Yu
- 2- Dr, Tarek El-Bawab
- 3- Dr. Anura Jayasumana
- 4- Dr. Giorgio Quer -COMSOC,
- 5- Dr. Qian Yi
- 6- Dr. Tara Javid (COMSOC and ITSOC)

B: Distinguished Speakers (DSPs):

- 1- Dr. Yu-Dong Yao

Certainly, within each our DLT, DSP and Section meetings, we promote ComSoc invitations to increase membership by convincing attendees that being IEEE ComSoc member will benefit their career path and their up to dated knowledge.

At our local IEEE Research Boost program, we engage with Industry, Universities, Government and other Funding agencies. Concordia, McGill, ETS universities and FONEX network do contribute towards running the event jointly with Montreal ComSoc chapter.

Our Section is going to host IEEE ICC 2021 in Montreal and we are actively involved with the preparation. In addition, we are active in most of Montreal Section conferences and occasionally with other Sections conferences.

Montreal ComSoc chapter in collaboration with IEEE WIE and TISP Canada programs, we do contribute to the educational and encouragement young students below K12 to come towards Engineering profession.
